

BREMBO ON DISPLAY AT EQUIP AUTO 2019

Brembo will be back at the biennial trade show in Paris, with a new contest for visitors

From 15 to 18 October, Brembo will be back at Equip Auto - the international trade show for automotive aftersales and services for mobility - to present its product range and an all-new initiative.

The opening day of the trade show will see the launch of the new Brembo **Xtra Play Xtra Win** contest for fans of the world's leading manufacturer of braking systems.

Using the special terminal set up at the Brembo stand (Hall1 – Stand F034) and logged into www.bremboxtracontest.com, visitors will be able to choose their favourite type of brake disc from the selection available, and then have three chances to pick the winning combination of Brembo products.

The contest has been developed to promote the new range of Brembo Xtra brake pads, which are the ideal solution for keen drivers who value a sporting driving experience, without neglecting comfort and durability for on-road use.

To win one of the host of prizes up for grabs, players have to pick the perfect combination of Brembo products, by pairing the brake pads from the Xtra range with the most appropriate Brembo brake discs, to get the winning match.

Every day, four 50-euro Amazon gift vouchers, five backpacks and 10 Brembo caps will be up for grabs as prizes. And everyone who takes part will be entered in the final prize draw for a chance to win an IPHONE XR 128 GB.

Once the trade show is over, you'll still be able to play until 14 November 2019, by logging into www.bremboxtracontest.com.

*The contest is open to over-18s resident in France, Netherlands, UK and Germany.
Full rules are available on www.bremboxtracontest.com.*
