### GMH Gruppe Extends Contracts of Board Members Until 2030

**Georgsmarienhütte, 01. December 2025** – GMH Gruppe's Supervisory Board has extended the contracts of its Executive Board members Dr. Alexander Becker (Chief Executive Officer), Dr. Anne-Marie Großmann (Chief Development Officer), and Mathias Hölscher (Chief Financial Officer) until 2030.

This decision ensures continuity in leadership at GMH Gruppe and reaffirms the group's commitment to Strategy 2030, which focuses on profitable and responsible growth in the company's three core areas: Circular Economy, Green Steel, and Heavy Forging.

Dr. Jürgen Großmann, founder and shareholder of GMH Gruppe, commented: *"We are very pleased to continue our journey with this proven team. The board is demonstrating exceptional leadership in challenging times and is successfully setting the course for our future growth. Even in Germany's turbulent economic environment, it has managed to identify and seize important opportunities for sustainable development. Together with our motivated team, we are building a stronger and future-oriented GMH Gruppe."*

Quirin Großmann, shareholder and chairman of GMH Gruppe's Management SE's Supervisory Board, added: *"With the Strategy 2030, GMH Gruppe has a clear roadmap for further strengthening its position as a leader in the transformation of the steel industry. The board's consistent focus on innovation, operational excellence, and sustainable, long-term growth ensures that GMH Gruppe will continue to evolve successfully in the years ahead. I am very pleased to have extended our cooperation with the Executive Board on a long-term basis and to actively shape this path together."*

#### Strategic Growth and Portfolio Expansion

Since 2024, GMH Gruppe has expanded its portfolio with the integration of Kind & Co. Edelstahlwerk GmbH & Co. KG and Buderus Edelstahl GmbH. These additions strengthen the Group's position as a global leader in tool steels, special alloys, and high-performance materials, while further enhancing the group's role in the Circular Economy through recycling and resource efficiency.

With a strong leadership team and a clear strategic focus, GMH Gruppe is well-positioned to continue driving innovation, sustainability, and competitiveness across its global operations.

#### About GMH Gruppe

GMH Gruppe is a full-service provider of steel products, ranging from scrap-based steelmaking to ready-to-install components. It is one of Europe's largest privately owned metal-processing companies. The group comprises more than 20 medium-sized steel, forging and casting industry sites, serving customers in over 50 countries. With around 6,000 employees, GMH Gruppe generates annual revenues of over 2 billion euros.

# GMH GRUPPE

GMH Gruppe is a pioneer in sustainable steel production and a member of the 'German Association of Climate Protection Companies'. By recycling metal scrap, the company produces green steel and contributes to a circular economy. The use of electric arc furnaces at four sites reduces CO<sub>2</sub> emissions by 80% compared to the conventional blast furnace and converter route. This also reduces the carbon footprint of customers supplied by GMH. These include companies from the automotive, mechanical engineering, railway, energy, logistics, aerospace, agriculture, and construction machinery sectors. GMH Gruppe is committed to achieving full climate-neutrality by 2039. [www.gmh-gruppe.de/en/](http://www.gmh-gruppe.de/en/).
