

### UFI makes its debut at UK Garage & Bodyshop Event

- UFI, a global leader in advanced filtration and thermal management, exhibits at this year's UK Bodyshop & Garage Event.
- UFI's OE technology filters deliver top performance and reliability for vehicle manufacturers, aftermarket professionals, and drivers—covering a wide range of applications of passenger cars and light commercial vehicles.

**Alcester, 14 April 2026** – UFI, a global leader and innovator in advanced filtration and thermal management solutions, will showcase its latest Original Equipment and Aftermarket filtration technologies for passenger cars and light commercial vehicles when it makes its first appearance at this year's *UK Garage & Bodyshop Event* (4-6 June).

Professionals visiting the company's stand will discover outstanding technologies delivering top-tier filtration solutions for a representative range of vehicle applications.

With over 50 years of expertise as an **Original Equipment** supplier to the world's leading vehicle manufacturers, UFI brings the same level of innovation and quality to its **Aftermarket range**, ensuring top-tier solutions for independent service networks and spare parts distributors.

**Discover UFI's pioneering OE and Aftermarket technologies at the UK Garage & Bodyshop Event: visit the UFI stand inside the IAAF Pavilion B40.**
